

Elna Magnetics

Project Value - \$ 3.8 Million

"We were pleased that we did not have the stereotypical contractor experience with Meyer Contracting..."

Joe Ferraro, Elna Magnetics

Pre Construction Management

Extensive value engineering and redesign resulted in substantial benefits for the Owner:

- Value engineering saved \$ 300,000
- Redesign included foundation, site work, HVAC and electrical fixture package
- Redesign of mezzanine structural steel provided cost savings on steel and decking
